

SUMMER HOLIDAY SECURITY GUIDE

HOME SURROUNDINGS ARE IMPORTANT TO BE AWARE OF

NEIGHBOURS

Get to know your neighbours. A great way to keep your home safe is to have your neighbours keep an eye on your house. Let them know you will be away. If possible let them know who has a key to your place. Do not hide keys in your mail box, plant pots or under your door mat. Better to leave a key with a neighbour you trust.

PARKED CAR

If you park your car on the street during your holidays, try to not leave it in a low transit area.

UNKNOWN PEOPLE

Do not talk about your upcoming trip in front of people you do not know.

STRANGERS

Notify the police if strange people are lurking around. Remember to take notes of actions and/or car details.

LOADING LUGGAGE

You can always pack your luggage in your car the night before. If not try to be as discreet as possible when loading your car.
